[Kinetica]

KINETICA is a large-format porcelain tile designed to respond to the movement of the observer. As the viewing angle changes, the surface transforms through chromatic shifts and evolving patterns, revealing a constantly changing visual expression.

Recognised at the Reddot Design Award 2026, KINETICA received both Best of the Best and Innovative Design distinctions, highlighting its innovative approach to ceramic surfaces and dynamic visual perception.

KINETICA est un carreau en grès cérame grand format conçu pour réagir au mouvement de l'observateur. À mesure que l'angle de vue change, la surface se transforme par des variations chromatiques et des motifs évolutifs, offrant une expression visuelle en constante évolution.

Lauréat des Reddot Design Award 2026, KINETICA a reçu les distinctions Best of the Best et Innovative Design, qui soulignent son approche innovante des surfaces céramiques et de la perception visuelle dynamique.
