SYSTÈME MODULAIRE MULTIFORMAT
SISTEMA MODULAR MULTIFORMATO

The new Travertino multiformat modular system combines three distinct formats to create versatile and dynamic surfaces. By blending different tile sizes, it allows for unique layout patterns while maintaining a harmonious and balanced look. Designed for maximum flexibility, this system works effortlessly to both residential and commercial spaces, bringing texture, variation, and timeless sophistication to any environment.

Le nouveau système modulaire multiformat Travertino combine trois formats distincts pour créer des surfaces polyvalentes et dynamiques. En associant différentes dimensions de carreaux, il permet de réaliser des compositions uniques tout en conservant un aspect harmonieux et équilibré. Conçu pour une flexibilité maximale, ce système s'intègre naturellement dans les espaces résidentiels et commerciaux, apportant texture, variation et une sophistication intemporelle à tout environnement.

O novo sistema modular multiformato Travertino combina três formatos distintos para criar superfícies versáteis e dinâmicas. A mistura de diferentes dimensões permite composições únicas, mantendo um aspeto harmonioso e equilibrado. Com design pensado para máxima flexibilidade, este sistema funciona facilmente a ambientes residenciais e comerciais, trazendo textura, variedade e sofisticação intemporal a qualquer espaço.
